

# Broadway Colour Changer

## - The Same Great Reliability and Value

With over 50,000 colour changers from the Chroma-Q™ range sold to date, it's no wonder they have an industry proven reputation for performance and reliability.

Combined with a choice of models to fit most fixtures and new advanced features, the range offers outstanding value.

The Chroma-Q Broadway™ is specifically designed for low noise environments and features a unique cooling system comprising of three low noise fans. With its constant tension system the colour scroll will remain evenly aligned and tensioned at all times. The Chroma-Q Broadway fits a wide range of smaller aperture fixtures, including the ETC short Source 4, Altman Shakespeare and Selecon Pacific. Requires additional power supply.
